

Global Ministries Team 2018 Report

The Global Ministries team is to coordinate with the Conference our worldwide partnerships. This includes highlighting the work of missionaries, denominations, and partner organizations around the world.

We currently have one official Conference wide partnership with the United Church of Christ in the Philippines—Northwest Luzon Conference. An open-ended fund to work with our partners was established in 2017: The **SHEEP Fund**, which stands for Sustaining Hope and Education Expenses in the Philippines. It has three purposes: to support educational expenses for future pastoral ministry (ie. Seminary or lay academies), to help defray educational expenses for children and for generalized relief/development efforts (such as clean up after a storm and helping farmers).

Our 2019 goal is to organize and implement a trip to the Northwest Luzon Conference in May 2019! If you are interested in planning or would like to go, please talk to one of the members of the Global Ministries Team!

Grace and Peace,

Joseph Hedden
