## A Year of Growth

Dear UCC Friends,

As another year passes by, we at Hoffman Homes, continue to be grateful for the unwavering support of the UCC churches. We have been blessed to have been invited to visit many of you over the last year. Whether I, personally, was able to come and present, or another staff from the organization, we cherish these opportunities to meet you and share our mission of providing hope and a brighter future to those we serve.

God has continued to bless our organization as we saw an expansion to our Outpatient Therapy Program in the Fall of 2024. We now have three full-time clinicians and one intake coordinator that can provide mental health and behavioral health supports to our surrounding communities. At last report, we had provided services to over 80 individuals! We continue to see a slow growth in new clients and are seeking out other opportunities to partner with our community to provide these much-needed services.

Hoffman Academy, our on-site private academic licensed school, which provides both regular education and emotional support for grades 1-12 has also seen continued growth. This year, we served over 30-day students from the surrounding school districts. Over the next year, we will be assessing growth opportunities for this program and how we can expand to continue providing an effective educational program to students.

In this upcoming year, it has been my personal goal to restart our Bible Study program. We have had several wonderful volunteers from local churches identified to us through Keystone Family Alliance that are willing to come in and share the Bible with our youth and young adults so that they can know the Lord and have a personal relationship with Him. I am hopeful that we can begin this program over the summer.

We hope you are as excited to hear about these updates as we are to share them. Please continue to pray for us as we continue this ever-changing and challenging work to help individuals heal. Please pray for the safety of our staff, the resiliency of our clients, and the success of our organization as we move into a new fiscal year.

Thank you again for helping us continue our work!

With heartfelt gratitude,

Rebecca Van der Groef, LSW  
CEO of Hoffman Homes
